SERIOUSLY INJURED

Herbert Wolff Falls from Bridge and May Not Recover.

Herbert Wolff was badly injured last Wednesday night, and was not discovered until after he had lain unconscious for nearly 24 hours.

He is supposed to have been coming from Maumee on Wednesday night, and fell off the bridge crossing the "side-cut" canal on the Maumee side of the river.

After lying there until Thursday forenoon he recovered consciousness sufficiently to crawl up to the road and then walked across the river bridge and laid down on the bank until evening, when he gained sufficient strength to walk to his home on Mulberry street.

His injuries are very serious—his jaw being broken, his head badly bruised and cut, and both lungs perforated. His recovery is very doubtful.

He is not certain if he fell off the bridge or was knocked off.

How he ever summoned sufficient strength to enable him to return to his home is a mystery to his friends.

SATURDAY NIGHT CONCERT.

The concert given by the Perrysburg band on the street last Saturday night was listened to by a large gathering of people, who seemed to enjoy the pleasure of a visit and a concert at one and the same time.

The Presbyterian ladies served ice cream and cake.

The ladies of the Catholic church will give the social next Saturday night, they having been the lucky ones in the drawing.

The Journal has been authorized to state that the band boys have agreed to give the concert this week Saturday evening at the corner of Front and Main streets. They promise a splendid program and everybody should make an effort to come out and hear the concert.

WIN AT METAMORA.

Perrysburg won the first game of a series of three from Metamora Sunday by the score of 17 to 6. Although the score was one-sided, it was a fast and exciting game at times. In the eighth and ninth innings Perrysburg started a batting rally. E. Canode started off with a home run. Singles and doubles by following players made it uninteresting for Metamora fans. This was their first defeat this year on the home grounds.

August 17th Metamora will be here for the second game, and a big turnout is expected. Score:

1 2 3 4 5 6 7 8 9. R. H. E.
Per'g. . 10 0 0 2 4 0 4 6—17 19 3
Met'm'a. 0 0 0 2 0 3 0 0 1—6 5 7
Batteries—Perrysburg, F. Canode and R. Ryder; Metamora, Waterbury and Lininger.

The first double header of the season will be played here next Sunday with the Majestic A. C. They are a fast bunch of players and are bringing a crowd of rooters to help them win. Come and see a fast, clean game. Game called at 1:15 p. m.

GOOD REASON FOR HIS ENTHUSIASM.

When a man has suffered for several days with colic, diarrhoea or other form of bowel complaint and is then cured sound and well by one or two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as is often the case, it is but natural that he should be enthusiastic in his praise of the remedy, and especially is this the case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. Sold by all dealers.

SOME OBSERVATIONS

Comments Concerning Recent Public Events in Perrysburg.

Perrysburg people should feel very proud of the Fort Meigs celebration and especially the reception of visitors to the village on the morning of the 31st.

What seemed to indicate a dismal failure was turned into a success by the splendid efforts of the committee who were appointed only a few days prior to the event, and who took up the work after those in whose hands it had originally been placed had utterly failed to accomplish anything. The decorations of the village streets and residences were of a high order of artistic merit and the village never made a finer appearance, with clean, shady streets, beautiful homes and lawns decorated with systematic style and neatness. The result indicates what can be done by unity of action and a shoulder to shoulder boost of all the people.

Among the many visitors to Perrysburg last Thursday, none were more cordially received by our business men and many others than was Mr. Blaque Wilson, the managing editor of the Toledo Blade. As a former resident of Perrysburg, he made many warm friends by his earnest effort in boosting Perrysburg to the front and making its importance known and felt whenever possible. The glad hand that was extended to him indicated that the booster is the man who is worth while and whose presence in a community is felt and desired. Be a booster.

The flotilla of motor boats that were promised by Toledo men to act as escort for the Governor's party were very much like the Governor himself—mighty scarce.

There is one sure thing about the celebration that Perrysburg people can afford to remember, and that is the fact that Toledo papers were mighty sparing in their words of praise of the village. Perhaps they are afraid Perrysburg will take away from them a few more of their best residents. Toledo newspapers are becoming noted for their narrowness in their treatment of the up-river villages.

MOTORCYCLE ACCIDENTS.

On Saturday afternoon last two young men from Rossford were speeding out the road to Bowling Green from Perrysburg and when about to cross the Grassy Creek bridge near the Lober farm the rider of the rear machine saw his friend, who was about one mile in advance, suddenly plunge into the ditch alongside the road. Almost at the same moment his own machine suddenly balked and threw him over the front. He landed on his head and sustained severe bruises and cuts on his forehead, arms and legs.

His companion, who went into the ditch, was more seriously injured. His left limb above the knee was badly cut and bruised and filled with small gravel from the road. One hand was badly cut; his head was bruised and he was very badly injured in many parts of his body.

Both men were brought to the Rheinfrank hospital and both were able to go home in a few hours and are now recovering.

ONE HUNDRED YEARS AGO

Perrysburg Does Homage to the Noble Defenders of Ft. Meigs.

With the scorching rays of a mid-summer sun beating down upon them an immense throng of people gathered on the hillside of the street leading to the river front and dock, awaiting the arrival of the motor yacht that was to bear the distinguished visitors from Toledo to Perrysburg, where the day's celebration of the Centennial of the defense of Fort Meigs under General Harrison was to begin.

Artistically constructed and tastily draped monuments on either side of the avenue leading to the river were located just at the brow of the hill and represented the gateway to Perrysburg. Through this gate the visitors were escorted by a committee of Perrysburg citizens headed by Mayor Clay, and escorted to a platform at the entrance to the monument park. In the escort were the Toledo Newsboy Cadets and the Waterville band.

The brief program arranged for the reception was opened with a selection by the band, followed by an address of welcome by E. L. Blue, representing his honor, the Mayor of Perrysburg.

Attorney General Timothy Hogan of Columbus was then introduced and as the representative of the Governor of Ohio responded to the welcome and complimented Perrysburg upon her splendid appearance and evidence of loyalty and patriotism as shown by their attendance and interest manifested in the centennial of the great defense of the northwest territory by the heroes of Fort Meigs.

Following his address a party of school children sang America, and then the party were taken in automobiles and driven around the town for the purpose of observing its beautiful streets and homes and the charmingly artistic decorations, after which a procession was formed and the visitors were conveyed to Maumee, where they participated in a similar program, arranged by the people of our neighboring village.

A pleasing feature of the approach to Perrysburg of the visiting party, who came up the river by boat, was the loud welcome proclaimed by the boom of cannon from old Fort Miami as soon as the steamer was seen approaching from the bend. As the boat passed Fort Miami a detachment of Battery B, stationed on the monument hill in Perrysburg, joined in the demonstration and boomed the tidings of the arrival of the Peace party who would assist in the celebration of a Century of Peace in the beautiful Maumee valley. The entire scene was one of beauty and of solemn significance, and the attention and apparent heartfelt interest manifested by the great assemblage in the proceedings indicated that every person present understood and rejoiced over the wresting of the beautiful valley from the hand of the savage, and the subsequent century of peace that has followed those great sacrifices made by the heroic followers of General Harrison.

Having purchased land worth 500 dollars an acre, Dr. A. F. Emminger of Franklin County, encountered the problem of choosing a crop that would pay the interest on the investment while he was holding that land for manufacturing sites. He selected alfalfa believing that this crop would give the best return on such high-priced land. The plan to be followed is to seed three or four acres this fall and gradually work the farm over into alfalfa. The land lies a mile and a half east of Columbus.
